Narsingdi, Dhaka

Career Objective

Full-Stack Web Developer with experience building responsive, scalable web applications from frontend interfaces to backend services. I enjoy transforming ideas into practical digital solutions through clean code, modern technologies, and continuous improvement. Combining a background in Statistics with software development, I approach problems with both analytical thinking and a user-focused mindset.

Skills

Languages - JavaScript

Frameworks - React.Js, Next.Js, TailwindCSS, ExpressJS, NodeJS

Libraries - stripeJS, Next-Auth

Technologies - REST API, Git(Basic), Firebase, JWT

Database - MongoDB

Tools - VSCode, Figma, GitHub, Vercel, Netlify

Soft Skills

- Hard Working
- Responsibility
- Team work

Projects

|| Clover-Clothing | A Web-commerce application

Link: [GitHub](#) || [Live Demo](#)

1. Built with Next.js, MongoDB, Firebase Authentication, and Tailwind CSS.
